

MINJEONG PARK

New Jersey | +1 (646) 387-1718 | mp4382@tc.columbia.edu

RESEARCH INTERESTS

Affective cognition, affective computing, human perception in AI-mediated learning & communication

EDUCATION

M.A. Cognitive Science | Columbia University

New York, NY

- Top 3 Emerging Scholars in Human Development Department (GPA 4.0/4.0)

May 2026

B.A. Asian Language and Literature (minor: Computer Science) | Chung-Ang University

Seoul, Republic of Korea

- Magna Cum Laude (GPA 3.7/4.0) | President of Asian Language and Literature Department

August 2024

PROFESSIONAL EXPERIENCE

Collaborative Researcher

New Jersey, NJ

Kean University & University of Massachusetts Boston

April 2026 - Present

- Coded and analyzed qualitative data from 13 interviews and co-authored a study of teachers' adoption and adaptation of AI in teaching
- Conducted scoping research of 18 articles on human perceptions of human vs. AI feedback and its impact on learning engagement and performance; identified five perception themes depending on feedback source (Advisor: Dr. Jennifer J. Chen)

Lead Researcher & Lab Coordinator

New York, NY

Education of Persistence and Innovation Center Lab, Columbia University

February 2025 - Present

- Conducting an experimental study on human self-disclosure with AI vs. human recipients as a principal investigator; study design development, IRB management, data collecting and recruitment, data analysis, and research process coordinating
- Hosting department-level events for 120+ guests with catering; managing lab website, supplies, and research data
- Supervising pre-college interns in journal publishing, instructing data analysis in R, and tracking progress with feedback

Research Assistant

New York, NY

Language and Cognitive Neuroscience Lab, Columbia University

April 2025 - January 2026

- Conducted EEG experiments and data analysis, investigating neural patterns on numerical cognition tasks (PI: Dr. Peter Gordon)
- Supported behavioral data coding for video analysis of children's number counting

PUBLICATIONS

Effects of Human and AI Feedback on Learner Engagement and Performance: A Scoping Study

July 2026

International Journal of Educational Technology in Higher Education

Under review

- First author; in charge of data collection, data analysis, drafting manuscript, and coordinating research process

Early Childhood Teachers' Adoption and Adaptation of AI: An Interview Study

July 2026

Teachers and Teaching Journal & American Educational Research Association (AERA) 2027

Under review

- Second author; in charge of data coding, data analysis and review, and drafting manuscript

AWARDS

Phyllis & Burton Kossoff Fund (awarded to one Master's student annually, Human Development dept.)

August 2025

Teachers College, Columbia University

Teachers College Founders Award

September 2024

Teachers College, Columbia University

TEACHING EXPERIENCE

Guest Speaker

New York, NY

Columbia University

July 2026

- Guided 15+ master's students on scoping research; *Children's Social and Emotional Development in Context* course

Program Mentor & Instructor

New York, NY

Education of Persistence and Innovation Center Lab, Columbia University

May 2025 - July 2025

- Designed and executed a 4-week emotion regulation acting program for 30+ high school students
- Managed daily operations including assignment tracking, attendance monitoring, and stakeholder communication

Teacher

Seoul, Republic of Korea

Seoul Metropolitan Government & freelancer

September 2019 - August 2024

- Developed personalized curriculum and taught 40+ students; resulted in 40-60% increase in standardized test scores
- Recognized as 'Outstanding Mentor of the Year 2024' awarded to the top 1% of 500+ educators

LEADERSHIP

Vice President & Chair of Entry Science

New York, NY

Columbia University (Korean American Scientists and Engineers Association)

November 2024 - May 2026

- Led 12+ academic/career events reaching 200+ grad students; organized annual STEM Olympiad for 120+ K-12 students; collaborated with NYU leadership and an investment corporate SAZZE for social events

Board Member

New York, NY

Teachers College, Columbia University (Korean Graduate Student Association)

Aug 2025 - May 2026

- Organized 8+ student academic/career events reaching 300+ graduate students; served as EdTech and social event lead

SKILLS

Programming: Python (Pandas, NumPy), R (Tidyverse, lme4), Tableau, Qualtrics (Advanced Flow)

Statistical Methods: Regression, ANOVA, Power Analysis, Causal Inference

Languages: Korean (Native), English (Fluent), Mandarin (Conversational)
