RESEARCH INTERESTS

Affective cognition, trust and self-disclosure in human-AI interaction, AI for mental health

EDUCATION

M.A. Cognitive Science in Education | Teachers College, Columbia University — *New York, NY*
- Top 3 Emerging Scholars in Human Development Department (*GPA 4.0/4.0*) — *May 2026*

B.A. Asian Language and Literature (Minor: Computer Science) | Chung-Ang University — *Seoul, Republic of Korea*
- Magna Cum Laude (*GPA 3.7/4.0*) | President of Asian Language and Literature Department — *August 2024*

RESEARCH EXPERIENCE

Researcher & Lab Coordinator — *New York, NY*
Education for Persistence and Innovation Center, Columbia University — *February 2025 - Present*
- Lead an experimental study on human self-disclosure to AI vs. human recipients as principal investigator; study design, IRB management, data collection and recruitment, data analysis, and research process coordination (Advisor: Dr. Xiaodong Lin)
- Host department-level events for 120+ guests; manage lab website and research data; supervise interns in data analysis and academic writing

Researcher — *Union, NJ*
Kean University — *April 2026 - Present*
- Lead an experimental study on how trust shifts over time in AI interactions for emotional support; manage the IRB protocol
- Coded and analyzed qualitative data from 13 interviews; co-authored a study on teachers' adoption and adaptation of AI in teaching
- Conducted a scoping review of 18 articles on human perceptions of human vs. AI feedback (Advisor: Dr. Jennifer J. Chen)

Research Assistant — *New York, NY*
Language and Cognitive Neuroscience Lab, Columbia University — *April 2025 - January 2026*
- Conducted EEG experiments and data analysis, investigating neural patterns in numerical cognition tasks (PI: Dr. Peter Gordon)
- Supported behavioral data coding for video analysis of children's number counting

RESEARCH IN PROGRESS

Trust in AI and Mental Health Help-Seeking (Co-Investigator) — *expected February 2027*
NIH NIMH R21 — *In preparation*

How Multidimensional Trust Changes during Social Chatbot Use (Co-PI) — *September 2026*
Kean University — *IRB approved, In progress*

Self-Disclosure to AI vs. Human When Sharing Failure Experience (PI) — *April 2026*
Columbia University — *IRB approved, In progress*

PUBLICATIONS

Effects of Human and AI Feedback on Learner Engagement and Performance: A Scoping Study — *July 2026*
International Journal of Educational Technology in Higher Education — *Under review*
- First author; in charge of data collection, data analysis, drafting manuscript, and coordinating research process

Early Childhood Teachers' Adoption and Adaptation of AI: An Interview Study — *July 2026*
Teachers and Teaching — *Under review*
- Second author; in charge of data coding, data analysis and review, and drafting manuscript

Early Childhood Teachers' Experiences and Practices in Integrating AI in Teaching — *August 2026*
American Educational Research Association (AERA) 2027 — *Under review*
- Conference paper; third author; in charge of data coding, data analysis and review, and drafting manuscript

AWARDS

Phyllis & Burton Kossoff Fund *(awarded to one Master's student annually, Human Development dept.)* — *August 2025*
Columbia University

Teachers College Founders Award — *September 2024*
Columbia University

TEACHING EXPERIENCE

Program Mentor & Instructor — *New York, NY*
Education for Persistence and Innovation Center, Columbia University — *May 2025 - July 2025*
- Delivered a 4-week emotion regulation program for 30+ high school students; managed assignments, attendance, and feedback provision

Teacher — *Seoul, Republic of Korea*
Seoul Metropolitan Government & freelancer — *September 2019 - August 2024*
- Taught 40+ K-12 students with personalized curriculum; resulted in 40-60% increase in standardized test scores
- Recognized as 'Outstanding Mentor of the Year 2024' awarded to the top 1% of 500+ educators

Guest Speaker — *New York, NY*
Teachers College, Columbia University — *July 2026*
- Guided 15+ master's students on scoping research; *Children's Social and Emotional Development in Context* course

LEADERSHIP

Vice President — *New York, NY*
Columbia University (Korean American Scientists and Engineers Association) — *November 2024 - May 2026*

Board Member — *New York, NY*
Teachers College, Columbia University (Korean Graduate Student Association) — *August 2025 - May 2026*

SKILLS

Programming/Tools: Python (scikit-learn, PyCaret, NetworkX), R, Qualtrics, Tableau, Gephi
Machine Learning & Data Mining: Behavior detection, predictive modeling (classification, regression), social network analysis, text mining (NLP)
Languages: Korean (Native), English (Fluent), Mandarin (Conversational)
